

PEN PAL SUCCESS STORY We received several pen pal ads when we started advertising the magazine. Ms. Steele was one of the very first females to place an ad. She has made a friend for life with a gentleman in Missouri. We are happy to know that there is someone in her life bringing hope.

Vickie Steele 455624, Metro State Prison ED, 1301 Constitution Rd SE, Atlanta, GA, 30316:

I just wanted you to know that along with your 1st anniversary for the magazine, me & Demeyon will also celebrate our 1st with many more to come. Jenny, I know God placed Demeyon in my life and without you; Rufus & your magazine, Demeyon & I would have never met. He had your magazine and something prompted him to write. Your magazine has grown leaps and bounds. You offer a variety to many different types of people. I enjoy looking at each issue. Jenny, God bless you and thank you for bringing to me through your magazine a friend for the rest of our lives.
